

### As readers and writers we will.

be looking at the text Tin Forest. We will explore vocabulary and developing our writing skills to write setting descriptions and start to recall and retell the story.

Reading - We will explore different stories each week. We will use the stories to explore characters and plots. We will use the books to explore vocabulary new to us.

### As geographers we will be...

Explore the area local to our school. We will create maps of our school and class. Next, we will explore our local area following basic maps. Finally, we will compare our area to that of a rural farm.

### As scientists we will be...

Exploring materials and their properties.

We will explore materials we find around us every day. We will look at identifying them in the objects around us and investigate the properties which make each material unique. Finally, we will look at the uses of different materials based on their properties.

### In computing we will.

Learn about E-safety, and how to navigate around the computers.

### In RE we will.

Looking at belonging and what this means; not just within our family units but in the wider community from the clubs we attend to our friends at school. We will then begin to find out about children from other faiths and what belonging means to them. How this is reflected in the clothes they wear, their routines and the different customs they celebrate.

## Year 1 Autumn One

### As sportspeople we will.

Improve our fitness.

Work on our athletic skills.

Take part in outdoor and adventurous activity challenges both individually and within a team. We will learn different ways of moving and skills needed to look after our bodies.

### As mathematicians we will be learning...

#### All about numbers from 0-10 including-

- Count to 10 forwards and backwards
- Count and read numbers to 10
- Give a number one more and one less
- Use the language of equal to, more than and less than.
  
- Represent and use number bonds and subtraction facts within 10
- Read, write and interpret statements involving addition and subtraction
- Add and subtract numbers to 10
- Solve problems involving addition and subtraction.

### As artists and designers we will...

Explore the work of Pablo Picasso. We will look carefully at his art work and learn about his life. We will use what we have learned about him to inspire our own work on colour and texture to create our own Picasso inspired work.
